Plymouth Agency Schedules Grand Opening Friday

De Von Plymouth-Triumph will make its formal introduction to residents of the Torrance area this Friday, Saturday and Sunday during "Grand Opening" ceremonies at 1600 Cabrillo Ave. Dick Dimmette, president, and Von A. Moffett, secretary-treasurer of Torrance's newest auto dealership, announced that all remodeling and improvements have been completed and that everything is in readiness for the three-day celebration. The dealership formerly operated as Herman Miller Plymouth-Triumph. With cars on hand and commitments with Chrysler, the new establishment will be the largest Plymouth outlet in Southern California. Dimmette and Moffett pointed out. Dimmette formerly managed a volume auto concern in Los Angeles, and has been in the automobile business for 25 years. Moffett formerly owned a large dealership in Bakersfield, and has been in the business for 30 years. James W. Panos serves as a general sales manager for new and used cars. John Masters heads a staff of 11 in the department, and James Bailey is in charge of Triumph service.

OPENING SLATED... The new Carson Square shopping center, which will include a drug store, junior department store, and others in addition to the present Shoppers Market, will hold a grand opening next Thursday, Friday and Saturday at the center at Main and Carson St. Special values throughout the center will be featured at the opening.

... Paving

(Continued from Page 1)
to be used to design the storm drain system coming to the city under the county-wide bond program approved last year.

An examination for city engineer has been advertised and is scheduled after June 1. A previous examination failed to turn up a qualified man, the council was told recently.

"IN ADDITION to getting a good engineer, we must get a good administrator," City Manager George Stevens explained.

John Patrick, assistant to the city engineer, is currently on sick leave, and other top engineering aides have submitted resignation notices or have left the department in recent weeks, the HERALD was told.

... Juniors

the pond in the patio the next day.

Lifton added that student court was not used to discipline offenders and that if there had been "one or two", a court would have been used. In conclusion he said that in cases of class against class difficulties his office handled the offenders.

A good place to keep your rainy day money

If you want the highest interest you can get on your savings with the best protection around, keep your funds at Great Western Savings. Here your money currently earns 4% per year, and your account is insured up to \$10,000 by a permanent agency of the United States Government. Another thing, that interest is compounded or paid — not just twice a year — but four times a year. You start earning interest fast at Great Western because savings received by the 10th of any month earn interest from the first of that month. Open your account by mail or in person. Your check, passbook or money order — and your signature — are all we need.
